

Sequoia Launch – Series 28B Diversified Basket of Global Investment Fund and Multi- Asset Index Explanatory Statement

Dated 29 November 2019

About the Series 28B Units

Sequoia Launch – Series 28B Diversified Basket of Global Investment Fund and Multi-Asset Index Units ("Series 28B Units") Product Disclosure Statement ("PDS") is issued by Sequoia Specialist Investments Pty Ltd (ACN 145 459 936) ("the Issuer") and arranged by Sequoia Asset Management Pty Ltd (ACN 135 907 550, AFSL 341506). The offer of Series 28B Units is made only to current Investors in the Sequoia Launch – Series 28A Diversified Basket of Global Investment Funds and Multi-Asset Index Units ("Series 28A Units") issued under a PDS dated 11 July 2018. Capitalised terms used in this notice have the same meaning as in the relevant PDS.

The purpose of the issue of the Series 28B Units is to provide existing Investors in Series 28A Units with a new investment opportunity in the form of Series 28B Units which includes the same:

- Investment Amount;
- Loan Amount;
- Strategy Value¹;
- Coupon Determination Dates and Maturity Date,

but includes changes to the:

- Reference Basket by firstly withdrawing each of the 20% allocations to the:
 - i. Janus Henderson – United Kingdom Absolute Return Fund ("Janus Henderson Fund"); and
 - ii. Merian Global Equity Absolute Return Fund (previously known as the Old Mutual Global Equity Absolute Return Fund) ("Merian Fund"),

and reallocation of the proceeds to the remaining Underlyings such that the new Reference Basket has a 50/50 allocation to the:

- iii. H2O Adagio Fund (Global Currencies and Bonds); and
- iv. BNP Paribas Multi-Asset Diversified vol 4 EUR Index ("BNP Paribas Index")

The reason for offering this change is because the Issuer has not been satisfied with performance of both the Merian Fund and Janus Henderson Fund. In particular, the Merian Fund has been the main cause of negative performance of Series 28A during the last 18 months whereas the Janus Henderson Fund has struggled to produce any positive performance since 11 July 2018.

The H2O Adagio Fund has the ability to enter into both long and short trading positions in bonds and currencies. The BNP Paribas Index is a multi-asset index that can enter into both long and short position across multiple asset classes including global bonds, global equity indices, and commodities.

The only other difference between Series 28A and Series 28B Units is:

- the Strategy Value calculation method which includes a 0.40% p.a. Adjustment Factor (instead of a 0.15% p.a. Adjustment Factor) which accrues daily and is deducted from the Strategy Value. The Adjustment Factor is included to enable efficient pricing of the underlying hedge of Series 28B Units to be able to offer Net Settlement between the unwind of the Series 28A Units and investment into Series 28B Units.

Please refer to the Series 28B Units PDS for more information on the new Underlyings and Net Settlement.

In respect of this, the Issuer is seeking to give existing Investors in the Series 28A Units the opportunity to either:

(a) dispose of their Series 28A Units and acquire Series 28B Units (on a fee free basis);
or

(b) stay invested in their existing Series 28A Units on the original terms of the relevant PDS, by doing nothing.

Disposal of an Investor's Series 28A Units may constitute a tax event for the Investor and the taxation information set out in the Master PDS may not apply to a disposal of Units prior to Maturity. Investors should seek their own independent taxation advice prior to acquiring any Series 28B Units.

Investors who elect to acquire Series 28B Units will not be required to pay any Application Fee or Adviser Fee (or any other fees). The Issuer will buy back the Investor's Series 28A Units at a price of \$1 per Series 28A Unit and refund the balance of the Investor's non-amortised Prepaid Interest. The balance of these proceeds will then be applied in full repayment of the Loan attributable to the Series 28A Units and full payment of the Prepaid Interest of the Series 28B Units, meaning that there is no additional payment required from Investor's who elect to acquire the Series 28B Units. An Investor making this election will be required to have made the election in respect of all of their Series 28A Units.

You should ensure you have understood and read in full the Series 28B Units' PDS before making a decision to acquire the Series 28B Units.

An Election Form is attached to the Series 28B Units PDS which sets out the full terms in connection with the above Series 28B Units investment option. If you decide to acquire Series 28B Units then the Election Form is both an Application Form for the Series 28B Units and an Issuer Buy-Back Form for the Series 28A Units.
